

Home Page Notes

A desktop view of a website for the Souther Tier Aids Program. The layout includes a dark header with a logo and navigation links. The main content area is white and features sections for 'Services' (with a large circular graphic and a 'Get Tested' button), 'Events' (with three computer monitor icons), 'Recent News' (with a list of news items and a 'More News' button), a statistics section with three large numbers '185' and a 'Donate' button, a quote section with a large quotation mark and a person icon, and a 'Who We Are' section with a group of people icon and an 'About Us' button. The footer is dark and contains social media links, a search bar, and a 'Sign Up' button.

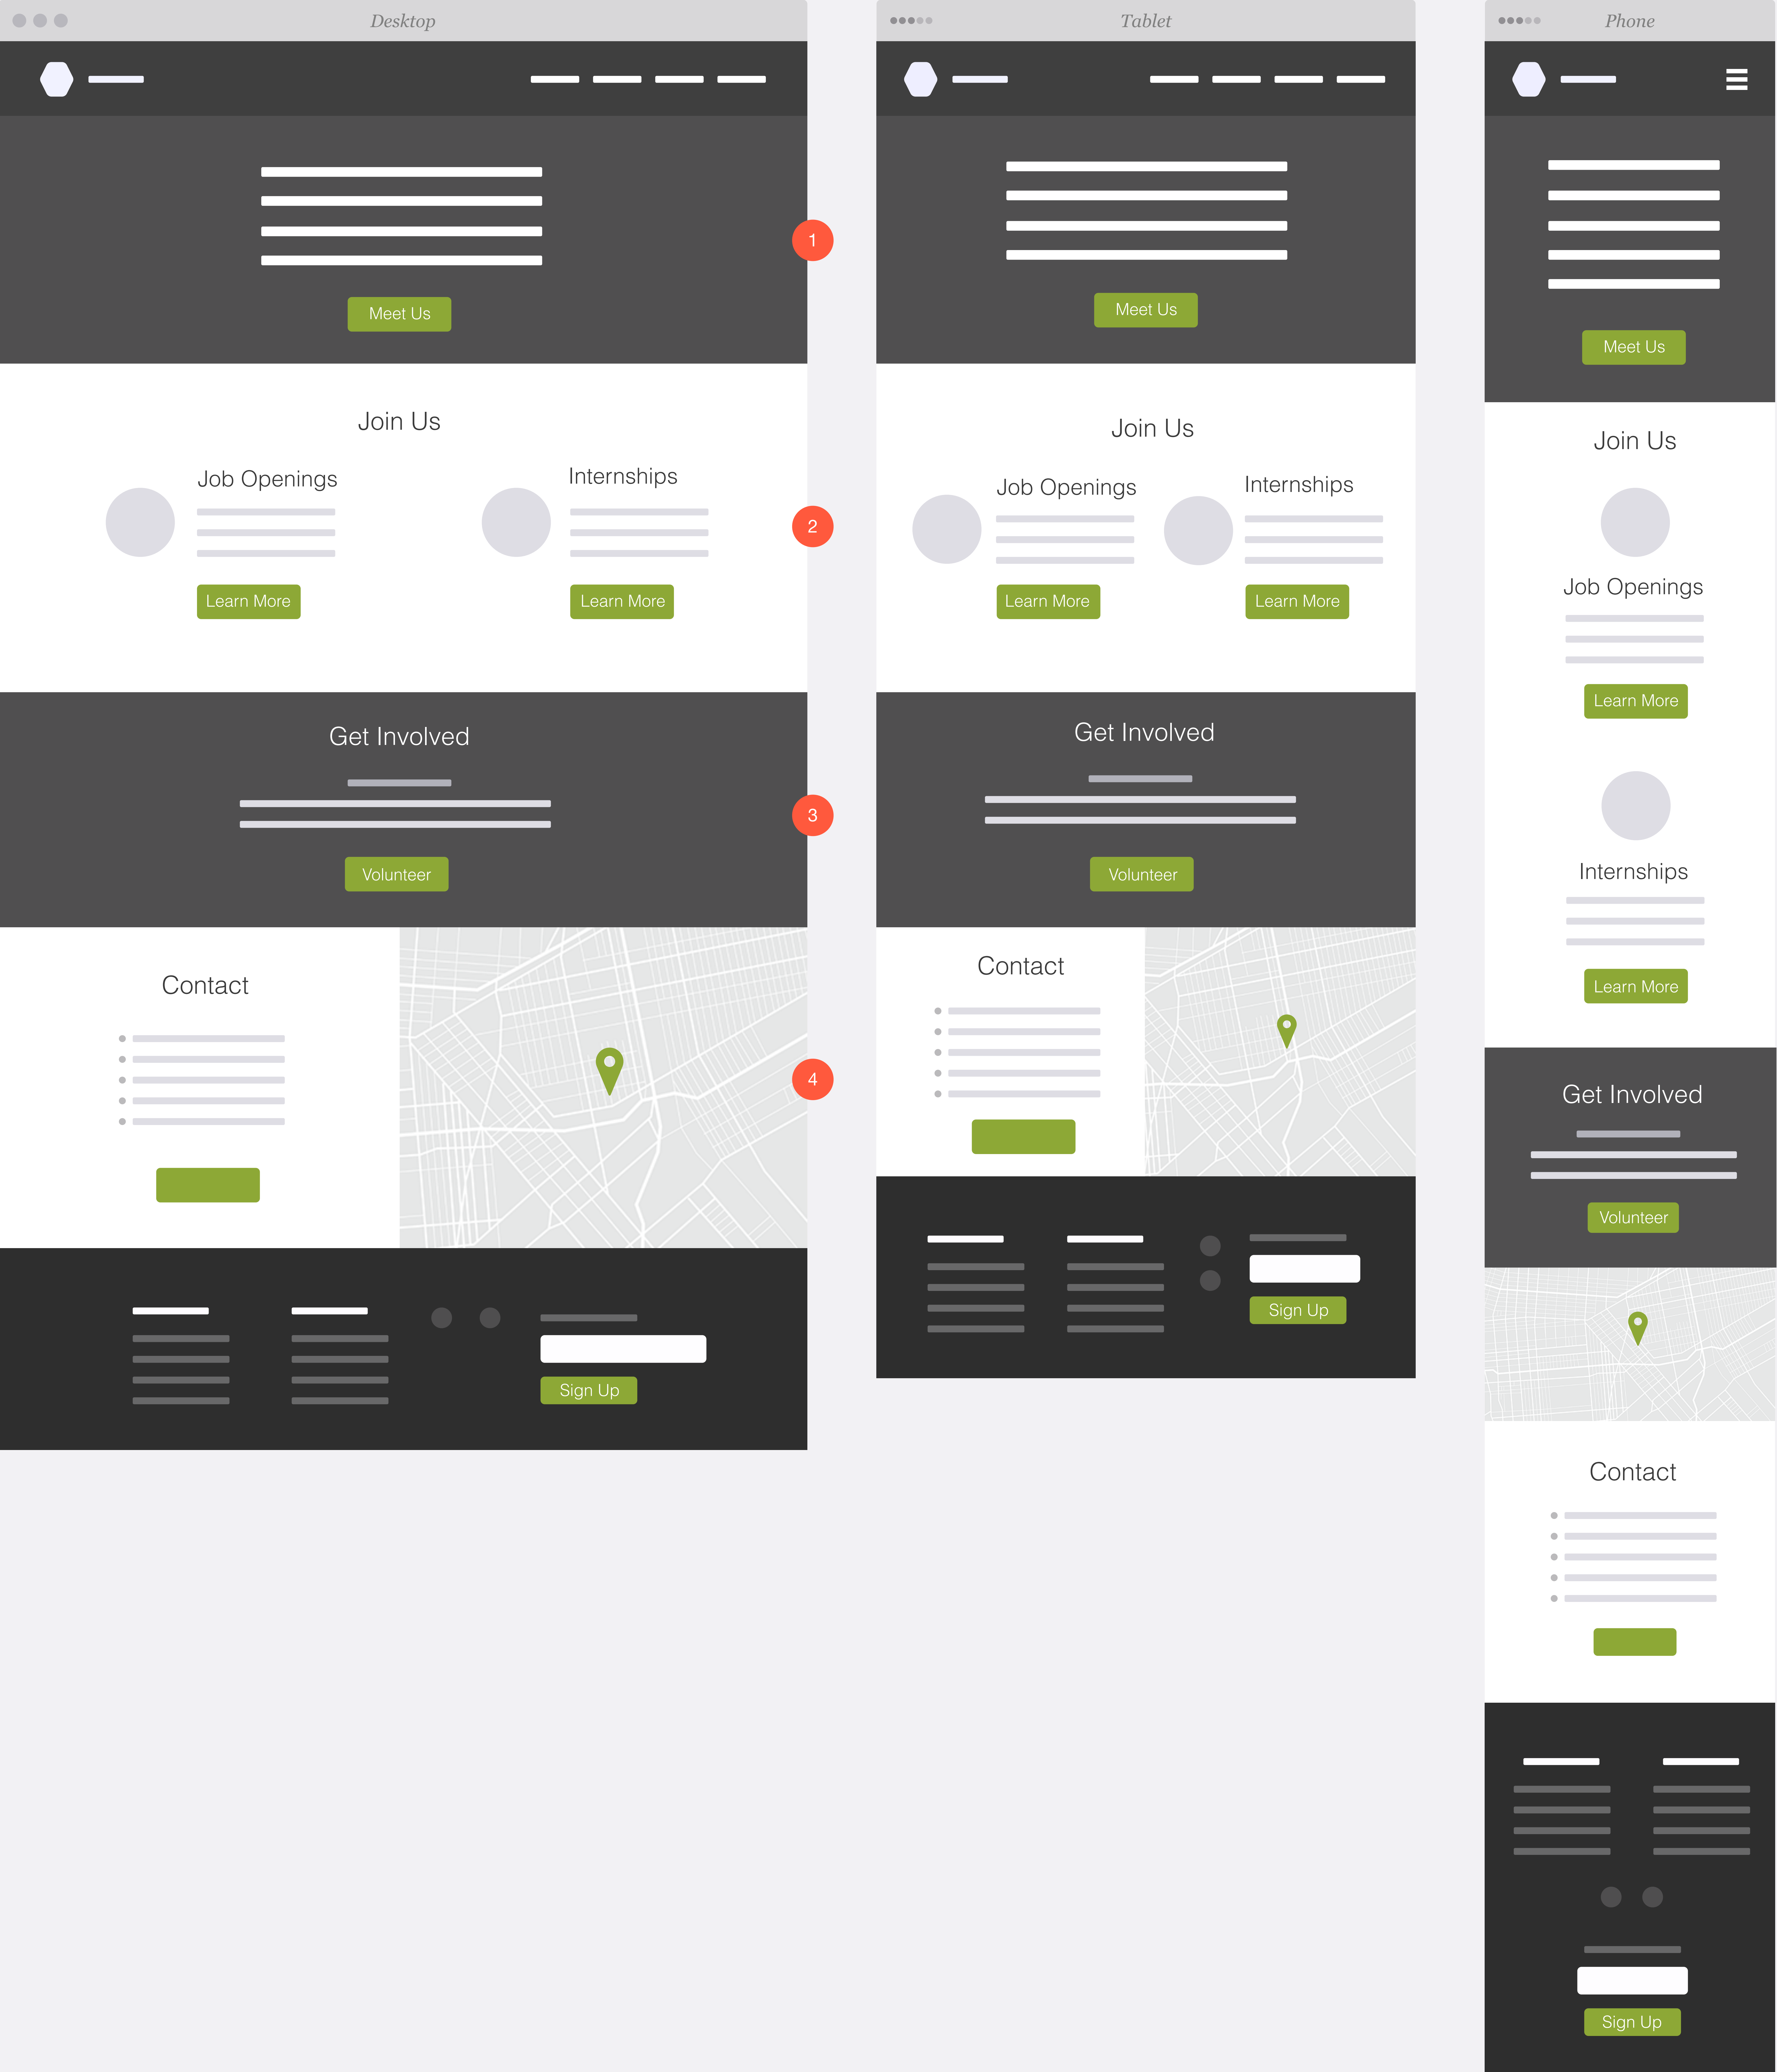

A desktop browser window with a dark header bar. The address bar shows "Desktop". The page content is white. At the top, there's a dark navigation bar with a white hexagonal logo and four white horizontal lines. Below this, the main content area has a heading "Upcoming Events". Underneath, there are two event cards. Each card consists of a light gray square placeholder for an image, followed by five horizontal lines of varying lengths representing text, and a green "Sign Up" button. A decorative zigzag line separates the "Upcoming Events" section from the "Past Events" section. The "Past Events" section has the same layout as the "Upcoming Events" section, with two event cards. At the bottom of the browser window, there's a dark footer bar. It contains two sets of three horizontal lines on the left, two dark gray circles in the center, and a white rectangular input field and a green "Sign Up" button on the right.

The image is a tablet mockup of a mobile application interface. At the top, there is a status bar with four dots and the word "Tablet". Below this is a dark header bar containing a white octagonal icon on the left and four white horizontal bars of varying lengths on the right. The main content area is white and features two sections: "Upcoming Events" and "Past Events". Each section contains two event cards. Each card consists of a square placeholder image on the left and a block of text on the right, represented by four horizontal bars of varying lengths. Below the text in each card is a green button with the text "Sign Up". A decorative banner with a light gray background and a white zigzag pattern separates the "Upcoming Events" and "Past Events" sections. The banner contains the text "Content continues...". At the bottom of the screen is a dark navigation bar. It contains four white horizontal bars of varying lengths on the left, two white circular icons in the center, and a white rectangular button with the text "Sign Up" on the right.

Mobile app wireframe for a music festival. The screen is divided into three main sections: "Upcoming Events", "Content continued...", and "Past Events". Each event section features a placeholder for an image, a title, a description, and a "Sign Up" button. The bottom of the screen has a dark navigation bar with icons for home, search, and a list menu.

Contact Us Page

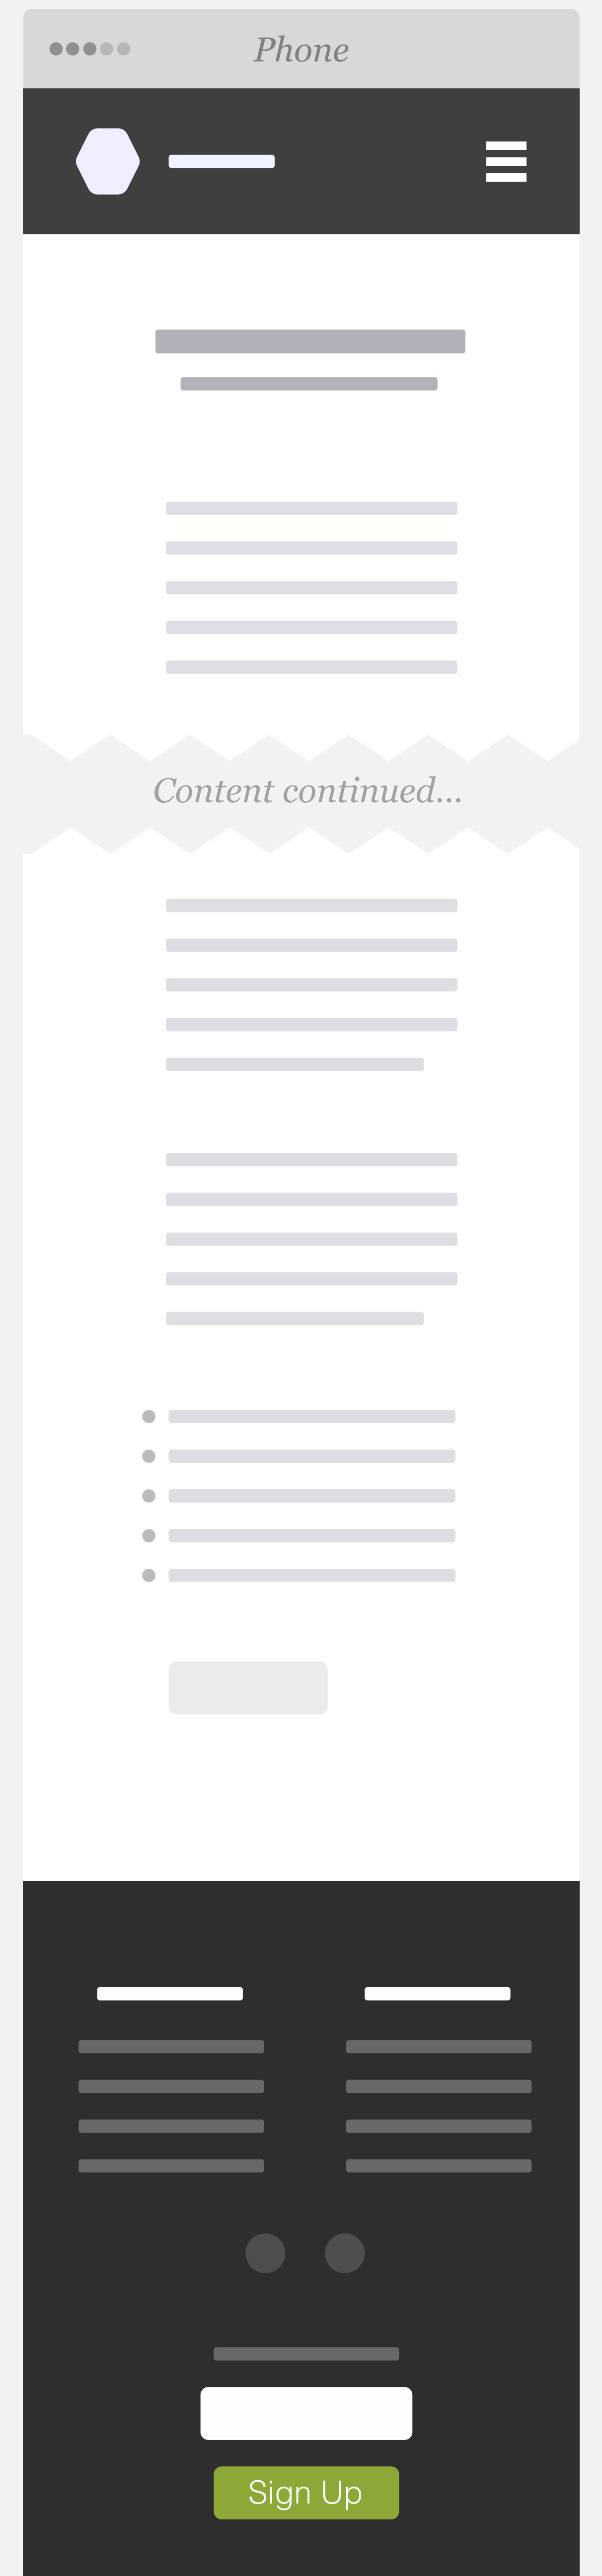

A desktop browser window showing a website layout. The browser title is "Desktop". The website has a dark header with a logo and navigation links. The main content area is white and contains two sections: "Meet Our Staff" and "Board of Directors". The "Board of Directors" section lists 12 names, each with a circular profile picture placeholder. A decorative wavy line separates the two sections. Below the wavy line is a section titled "Prevention Services" with 12 items, each with a circular profile picture placeholder. The footer is dark and contains a search bar, a "Sign Up" button, and social media links.

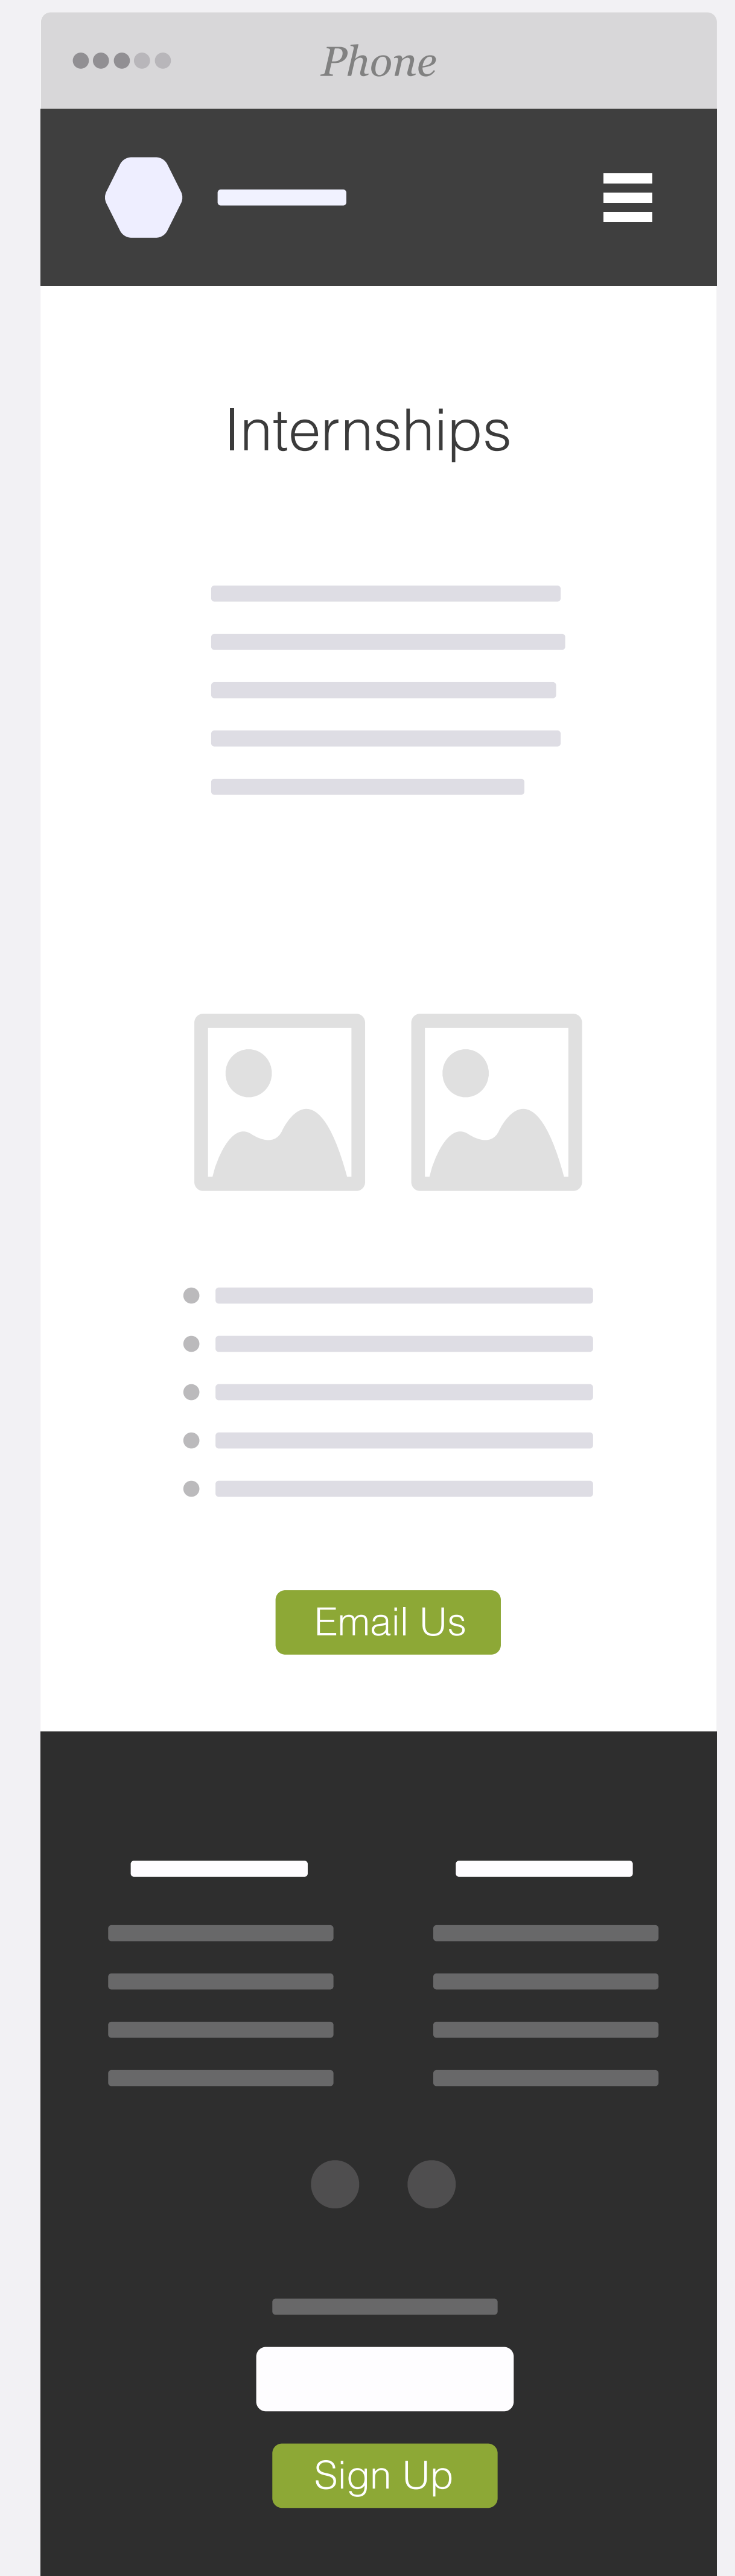

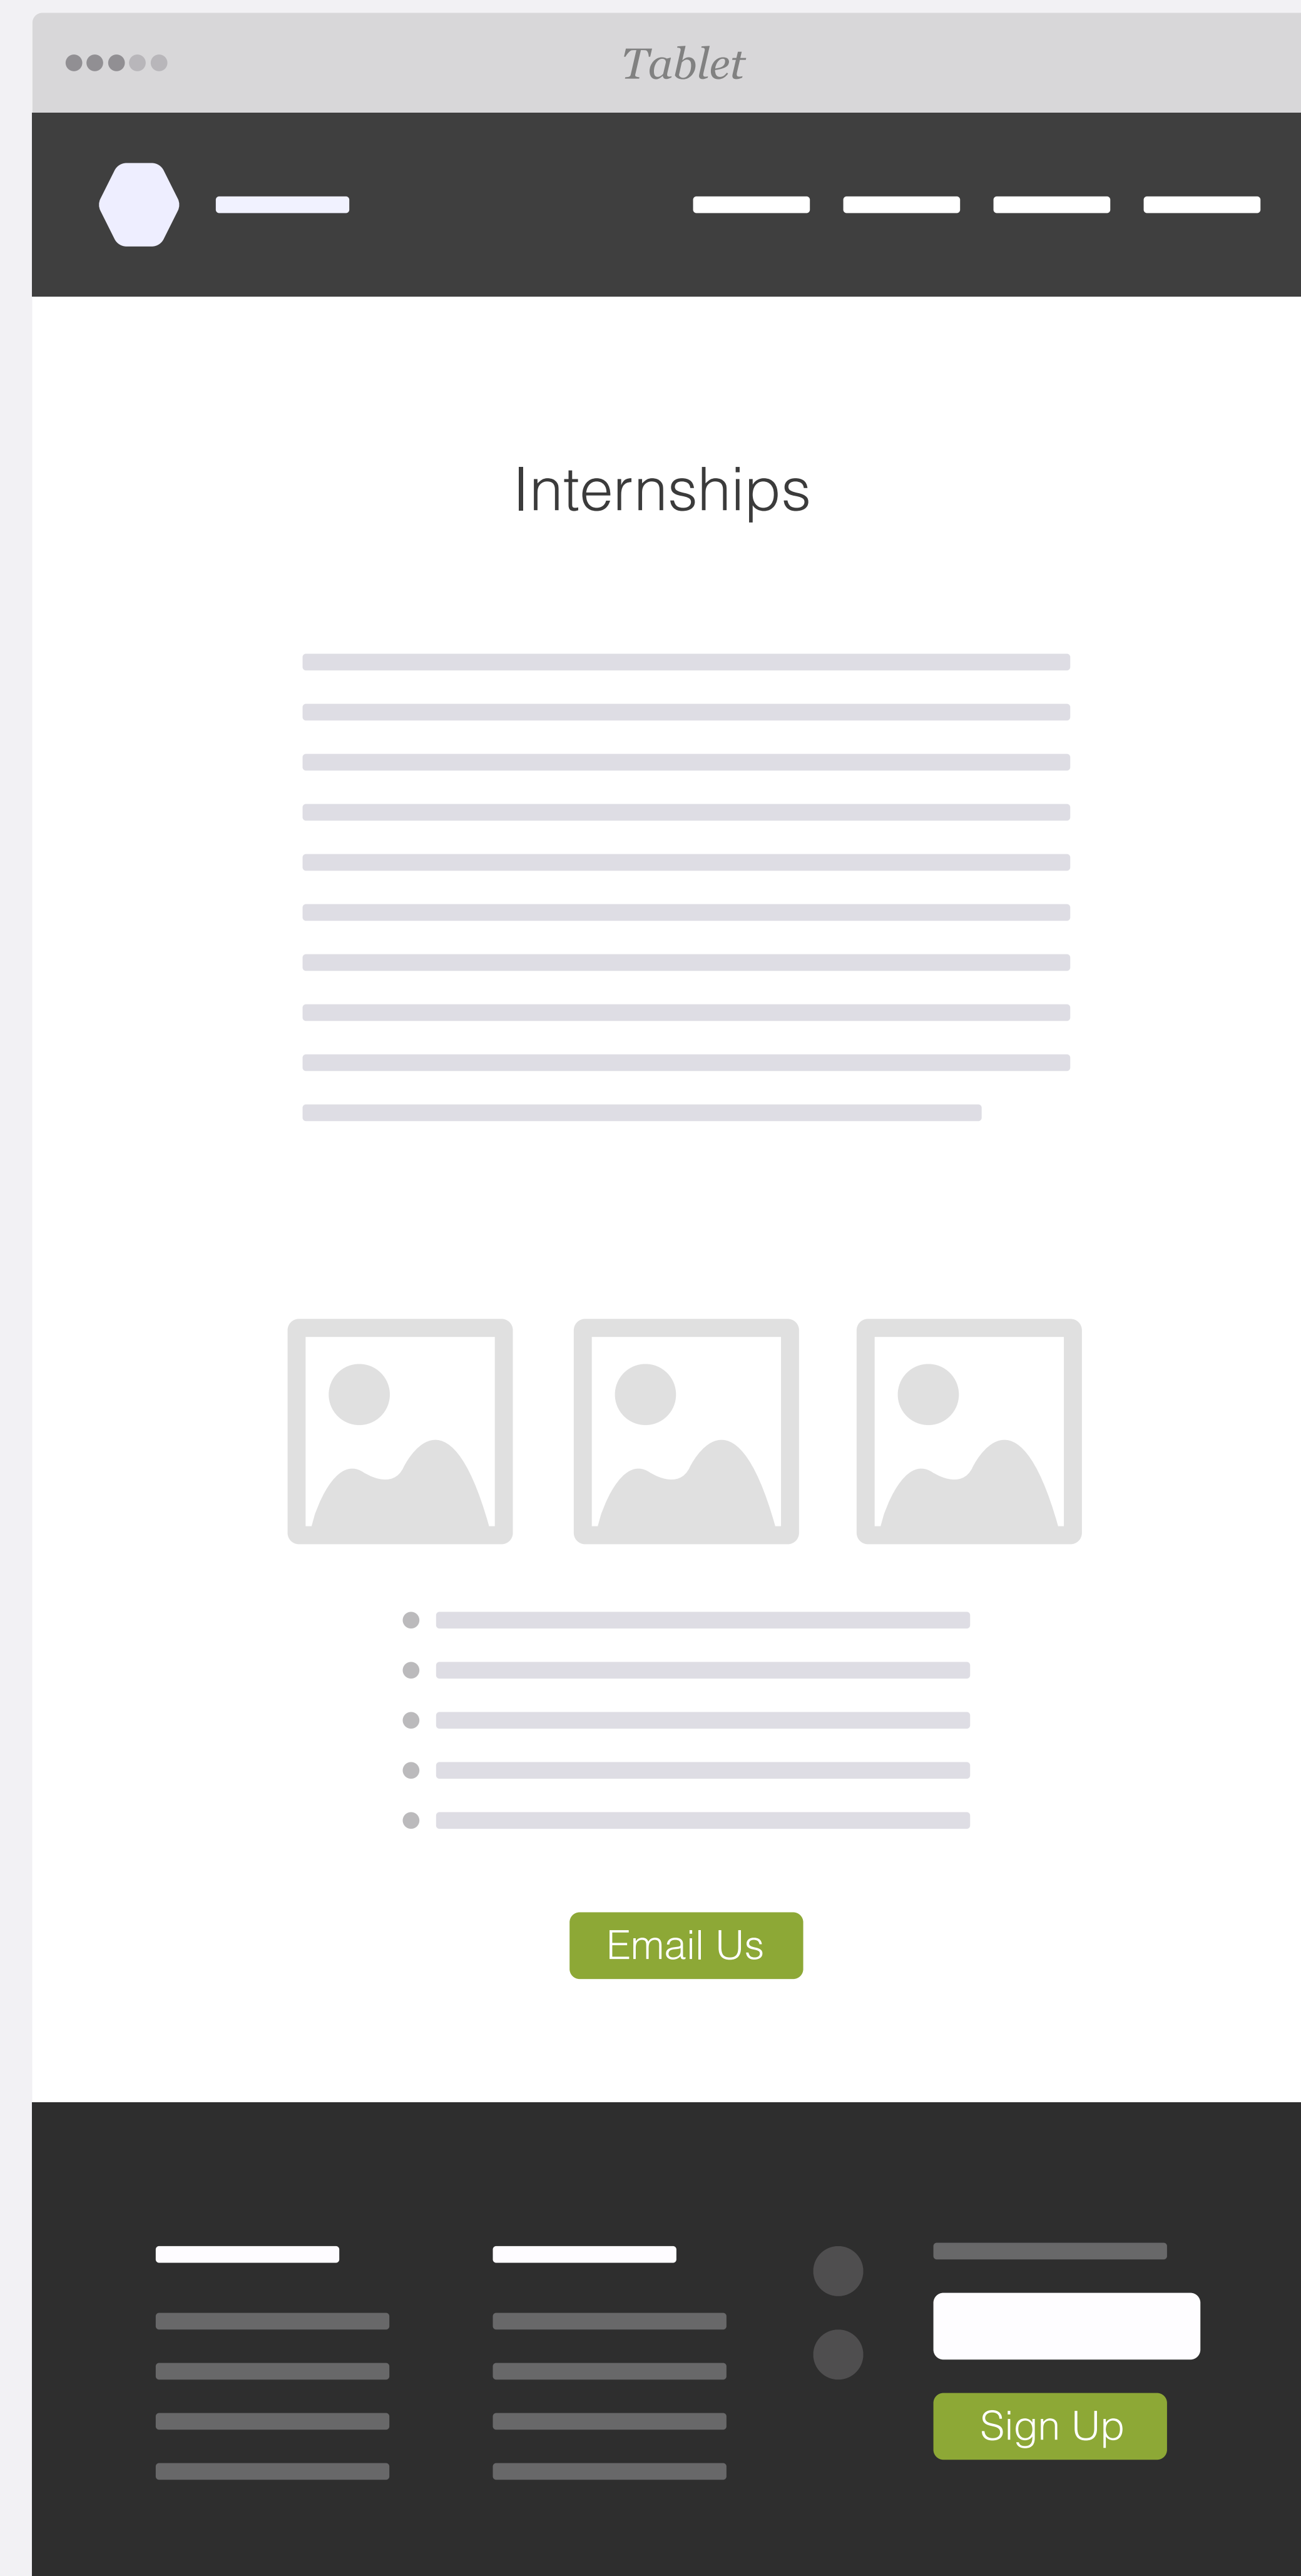

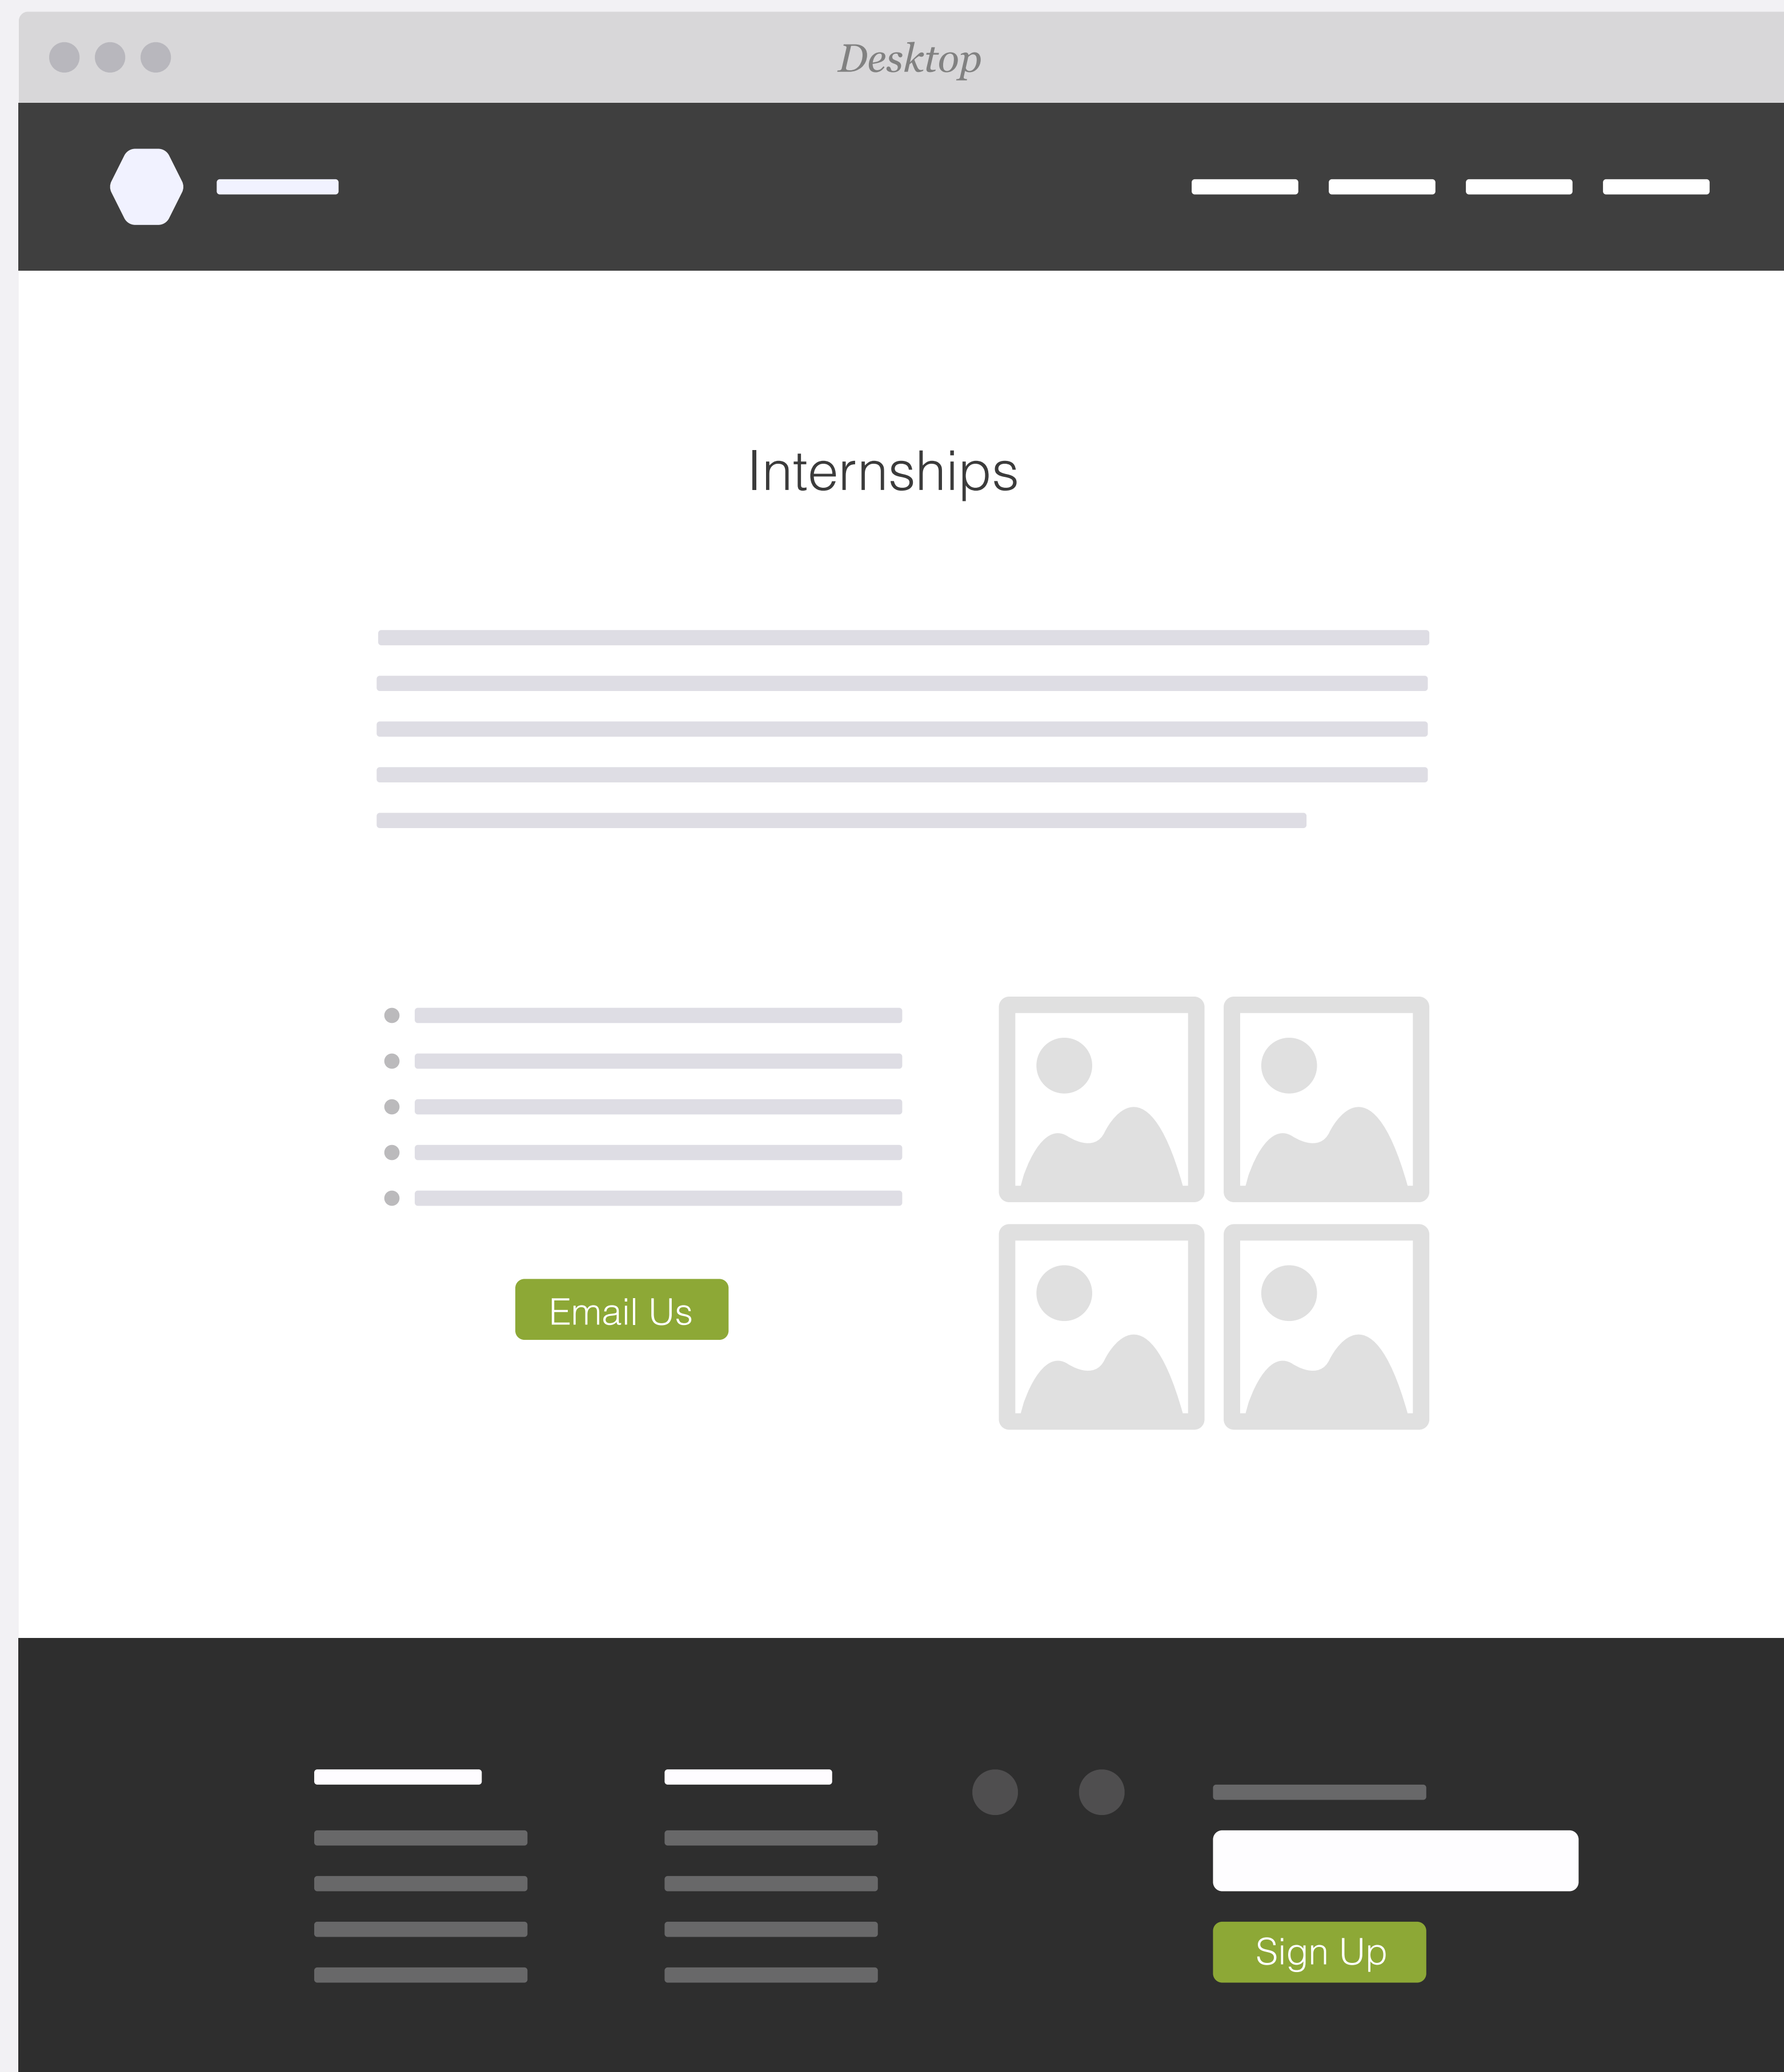

A desktop browser window with a dark header bar. The header contains a hexagonal logo on the left and four horizontal white bars on the right. The main content area is white. It starts with the text 'Join us' in a large, dark font. Below this is the section 'Job Openings', followed by a list of ten items, each consisting of a small dark dot and a horizontal gray bar. A decorative horizontal band with a repeating zigzag pattern separates this section from the next. Below the band, the text 'Content continues...' is centered. This is followed by another list of ten items, each with a small dark dot and a horizontal gray bar. The footer is a dark bar containing two columns of horizontal gray bars on the left, two small dark circles in the center, and a white rectangular input field on the right. Below the input field is a green button with the text 'Sign Up' in white.

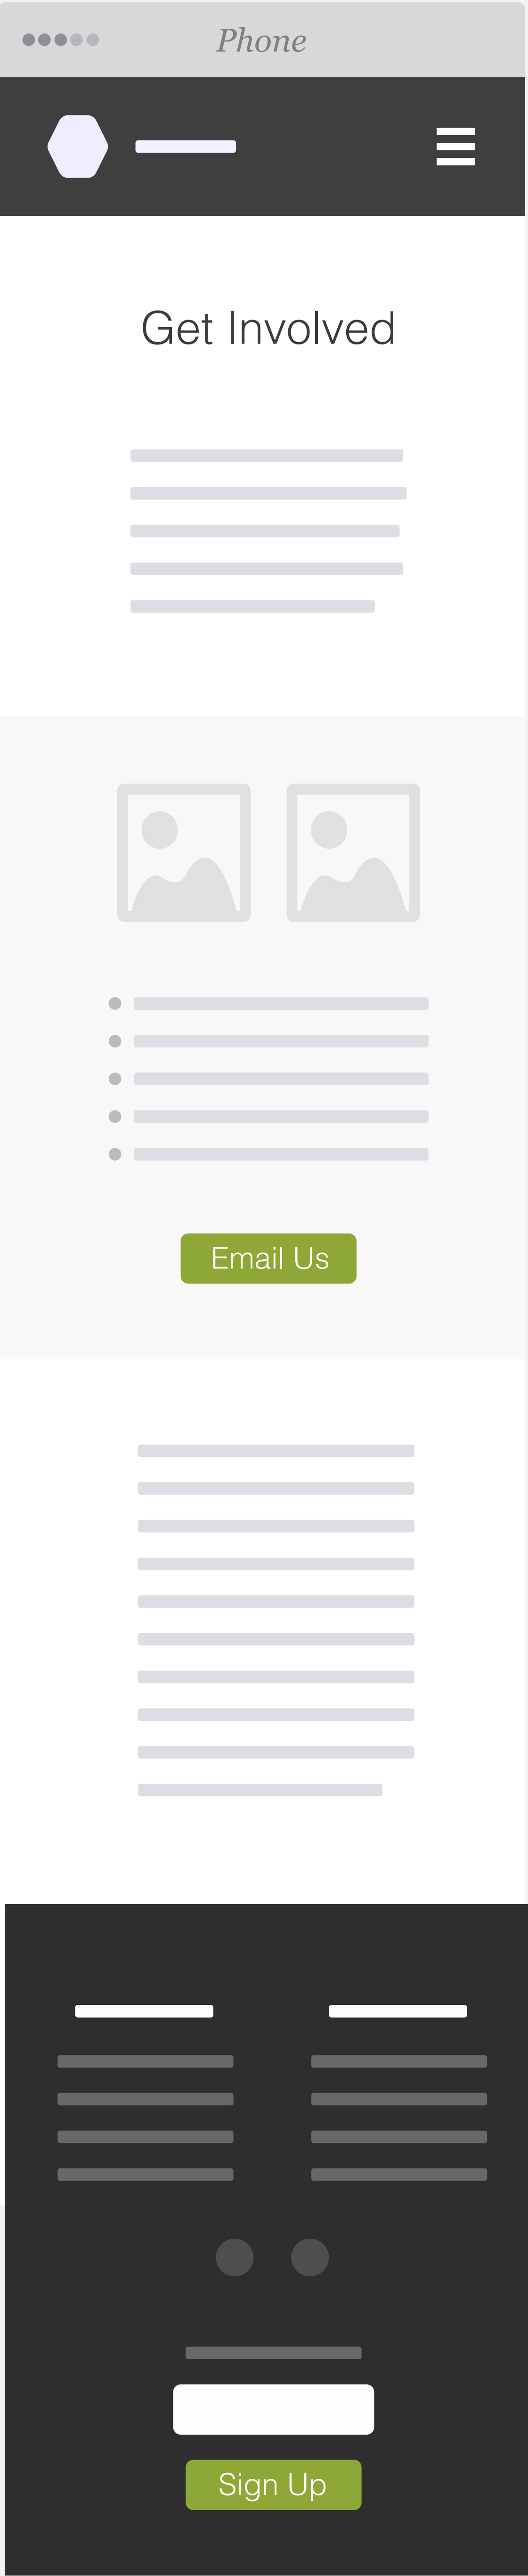

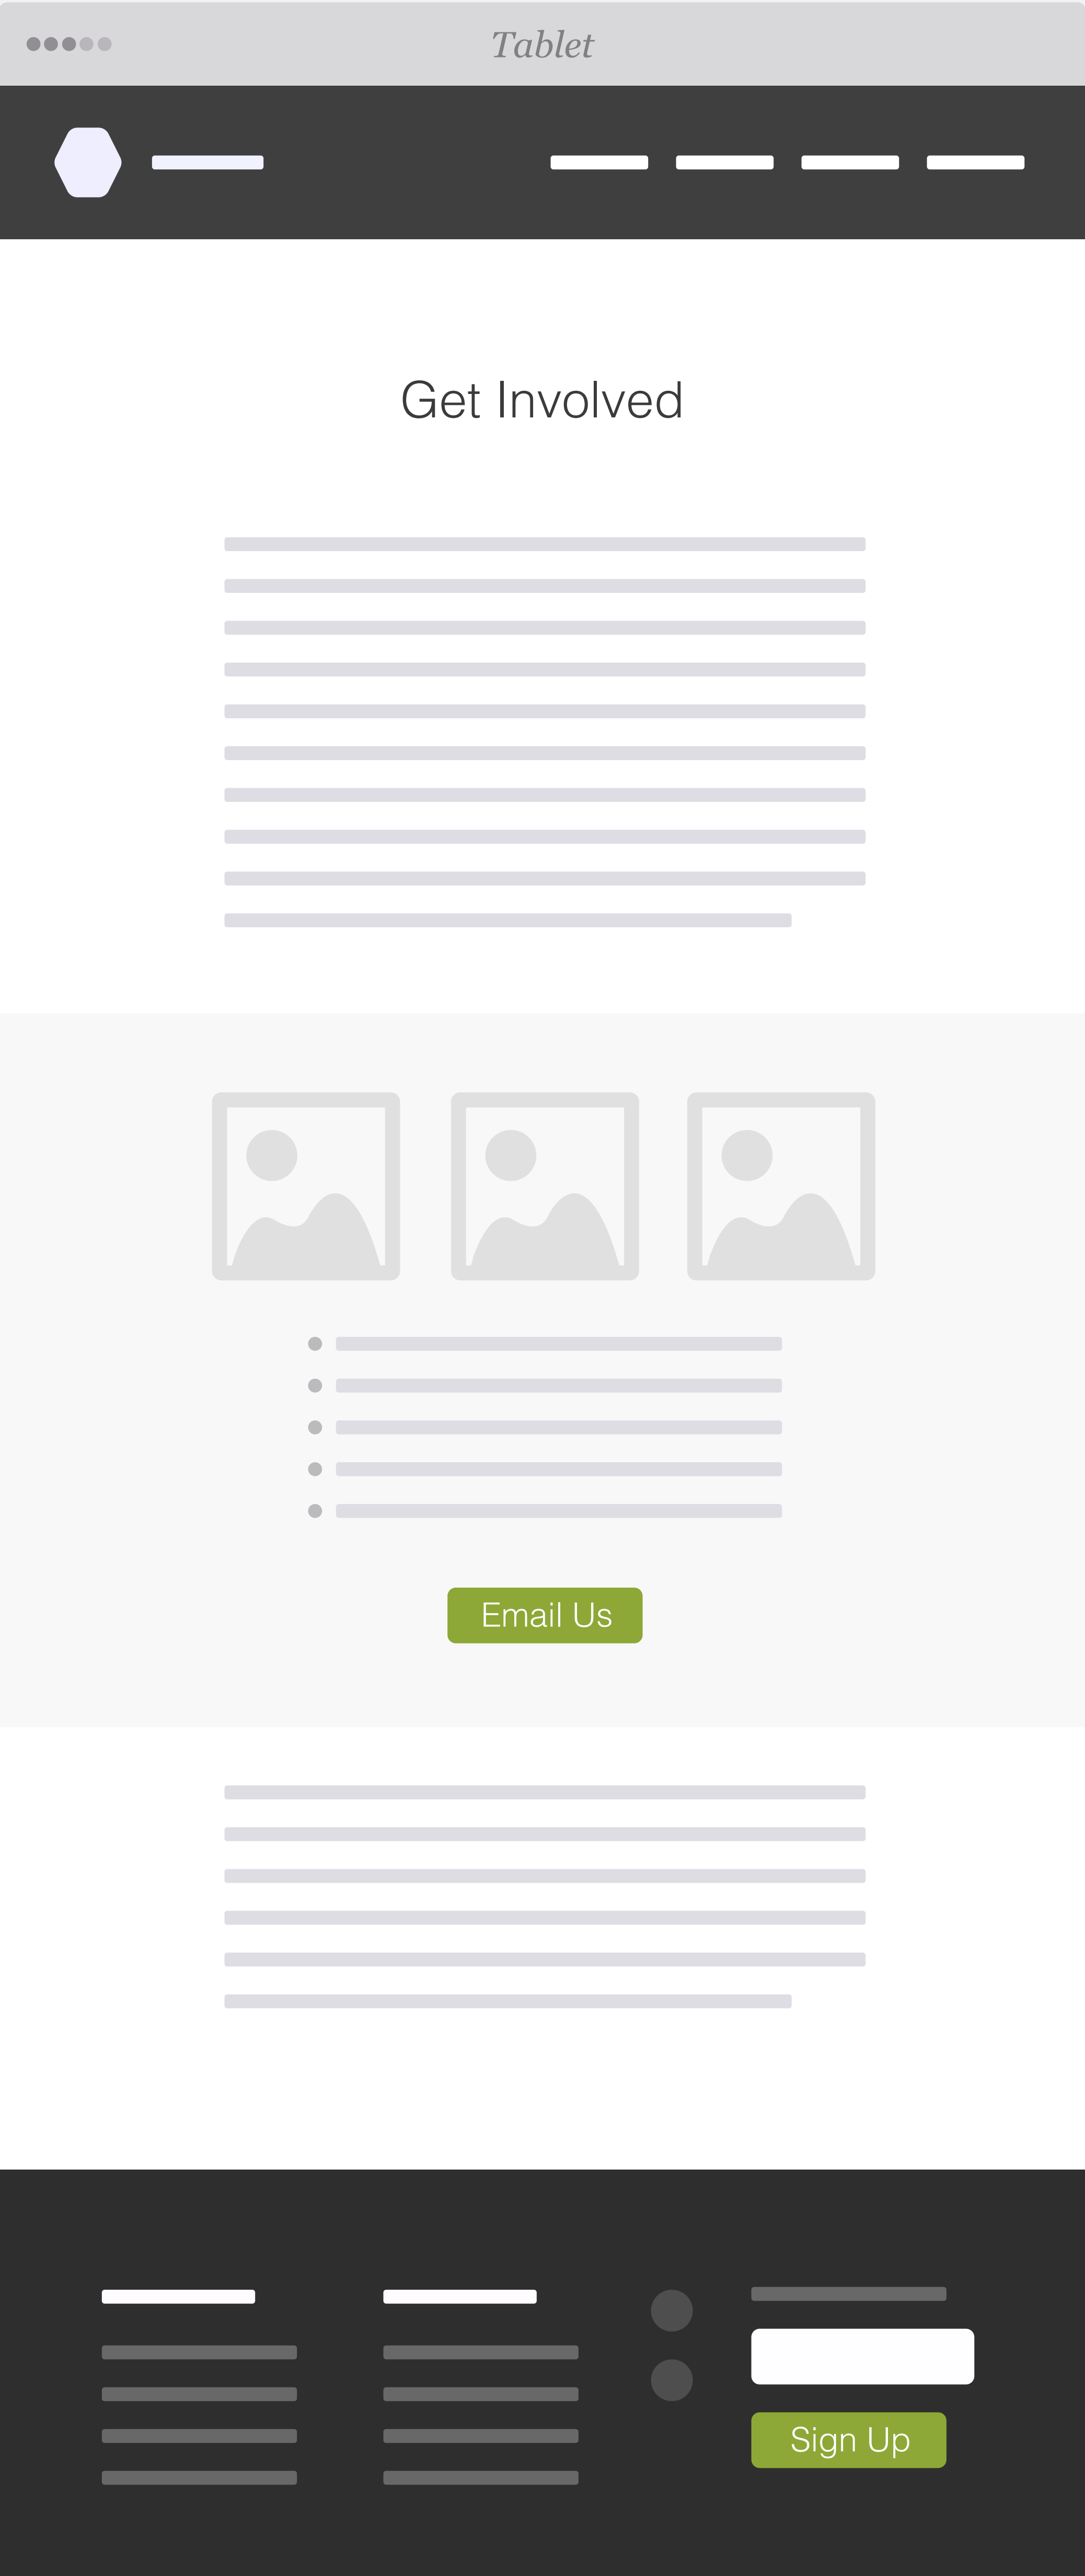

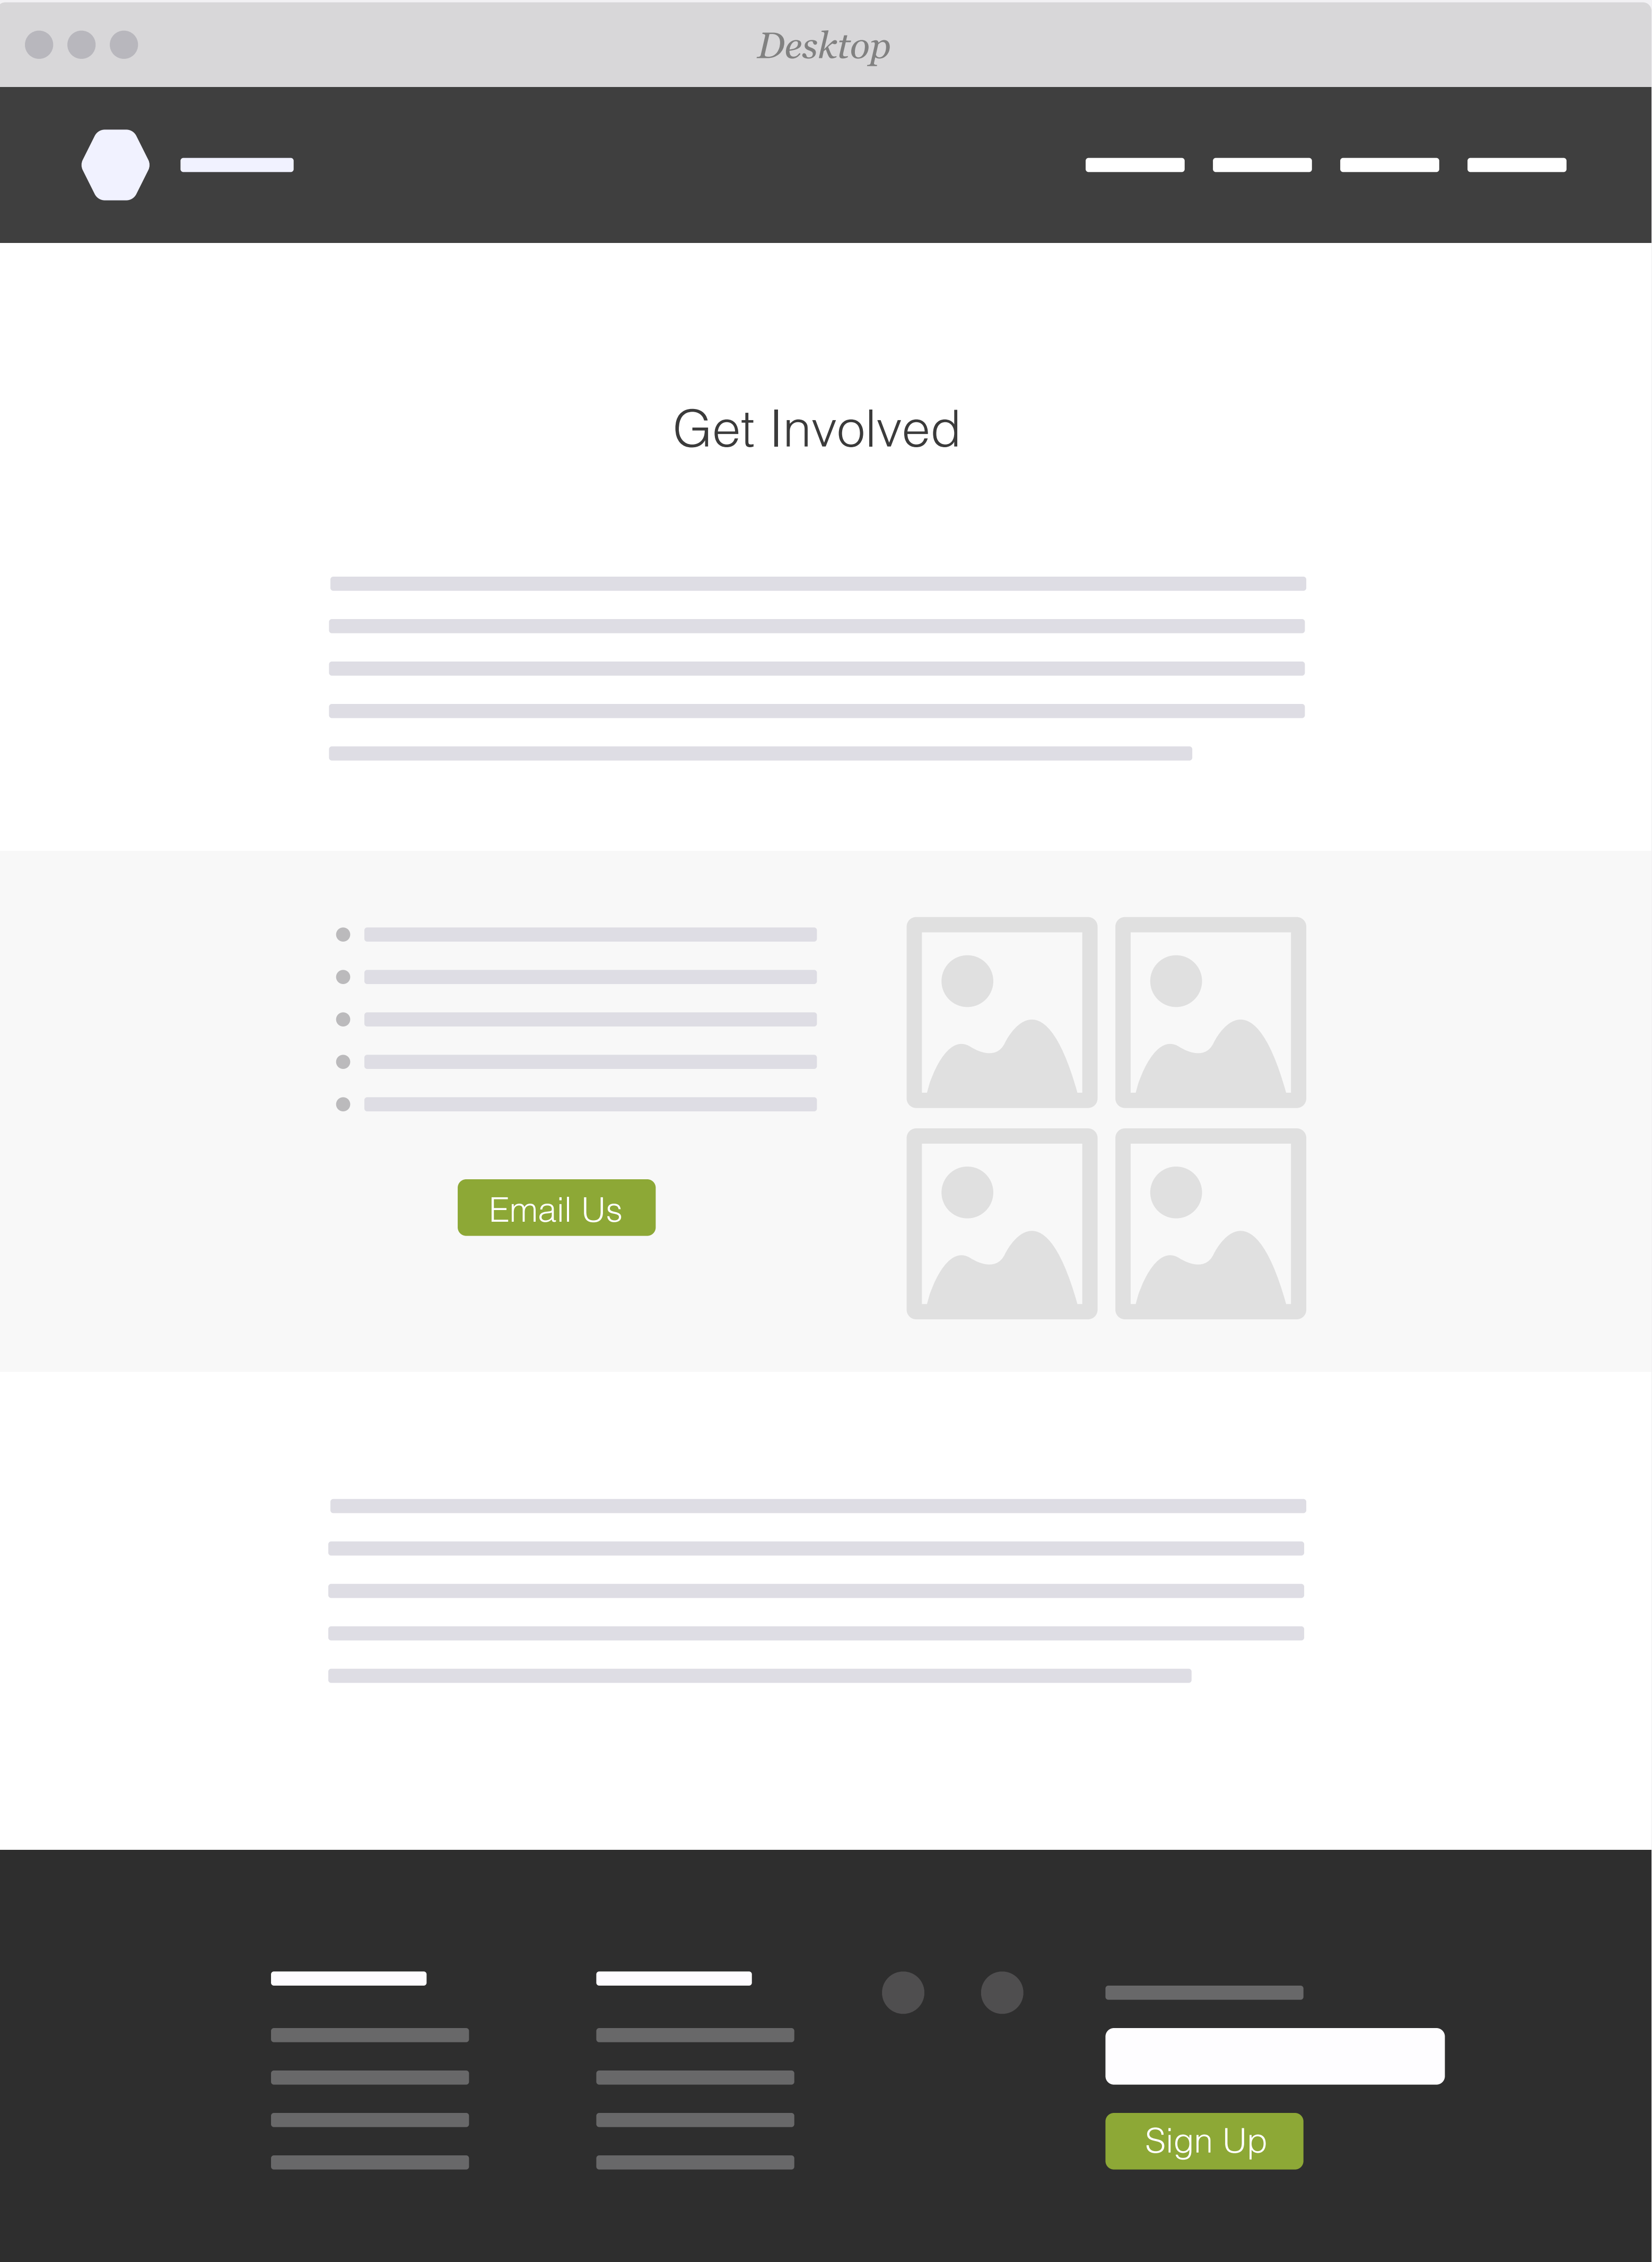

The image is a desktop browser window mockup. The header is dark gray and contains a hexagonal logo on the left, followed by a horizontal line, and four more horizontal lines on the right. The main content area is white and features two columns of text represented by horizontal lines. The first column has two short lines at the top, followed by a group of ten lines, and then another group of five lines. The second column has a group of five lines. Below the text is a list of five items, each consisting of a small circle followed by a horizontal line. At the bottom of the main content area is a single light gray rectangular block. The footer is dark gray and contains two sets of social media icons (each set with four icons), two circular profile picture placeholders, a search bar with a white input field, and a green 'Sign Up' button.

2 Image stills of the client videos. Clicking them will pop up the video and start playing.

The image is a wireframe of a desktop website layout. At the top, there is a dark header bar. On the left side of the header, there is a logo consisting of a hexagon with a circle inside. To the right of the logo are four horizontal lines of varying lengths, representing navigation links. The main content area is white. It starts with the title 'Prevention Services' in a large, dark font. Below the title, there are two columns of text. The first column has five lines of text, and the second column has five lines of text. To the right of the second column, there is a large, light gray square representing an image. A decorative zigzag line separates the main content from a section titled 'Content continues...'. Below this line, there are three more columns of text. The first column has five lines of text, the second column has five lines of text, and the third column has five lines of text. To the right of the third column, there is a large, light gray square representing an image. The footer is a dark bar. On the left side of the footer, there are four social media icons (Facebook, Twitter, LinkedIn, and YouTube). To the right of the icons, there is a search bar with a magnifying glass icon. Below the search bar, there is a 'Sign Up' button with a green background and white text.

This is a grayscale wireframe of a tablet application interface. The top status bar shows signal strength and the word "Tablet". The app header features a hexagonal logo and a navigation bar with five items. The main content area is titled "Prevention Services" and contains two sections of placeholder text and images. A decorative zigzag separator divides the content. The bottom navigation bar includes five menu items, a search icon, and a "Sign Up" button.

A desktop browser window with a light gray title bar containing three window control buttons on the left and the word "Desktop" in the center. The browser's address bar is dark gray with a white octagonal icon on the left and four white rectangular placeholders on the right. The main content area is white and features the heading "Client Services" in a large, dark gray font. Below the heading are two columns of placeholder text, each consisting of a short dark gray line followed by four longer light gray lines. To the right of the second column of text is a large, light gray square placeholder. A decorative horizontal band with a repeating light gray zigzag pattern separates the two content sections. The text "Content continues..." is centered within this band in a dark gray, italicized font. Below the band, the layout repeats with another two-column text structure and a square placeholder. The footer is a dark gray bar containing two columns of placeholder text (each with a short dark gray line and four longer light gray lines), two dark gray circular icons, and a white rectangular input field. Below the input field is a green button with the text "Sign Up" in white.

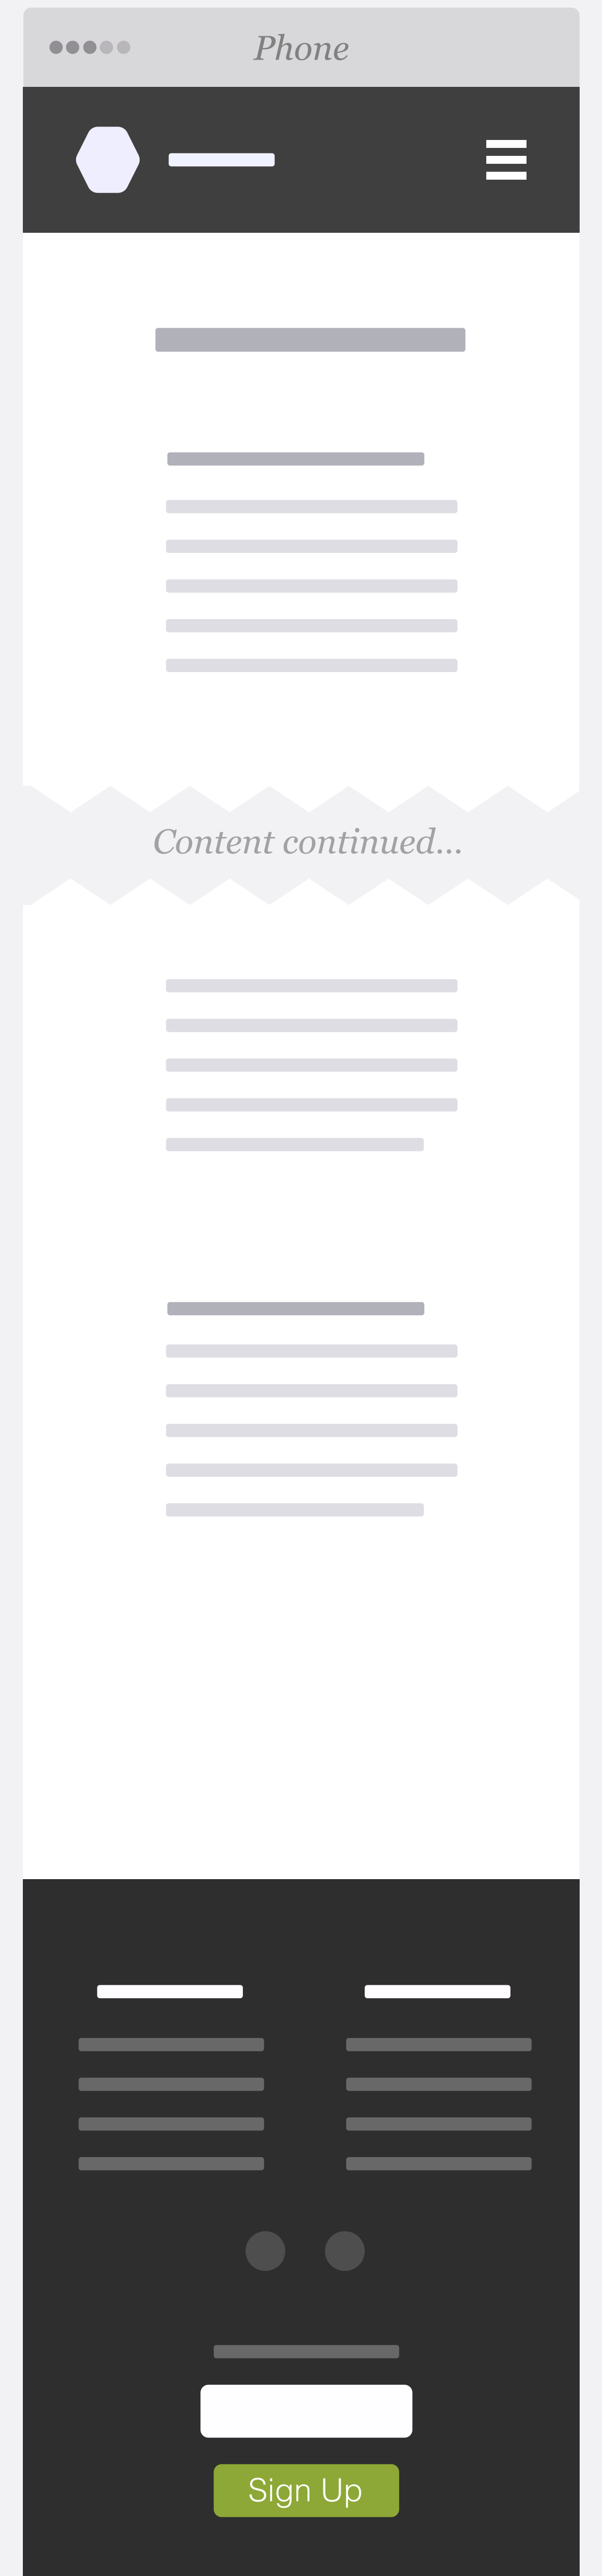

A desktop browser window showing a newsletter sign-up page. The page has a dark header with a logo and navigation links. The main content area is titled "Newsletters" and features a list of 10 newsletter items, each with a bullet point and a title. A decorative wavy line separates the list from a section titled "Content continues...". Below this, there is another list of 10 newsletter items. The footer contains two columns of links, a search bar, and a "Sign Up" button.

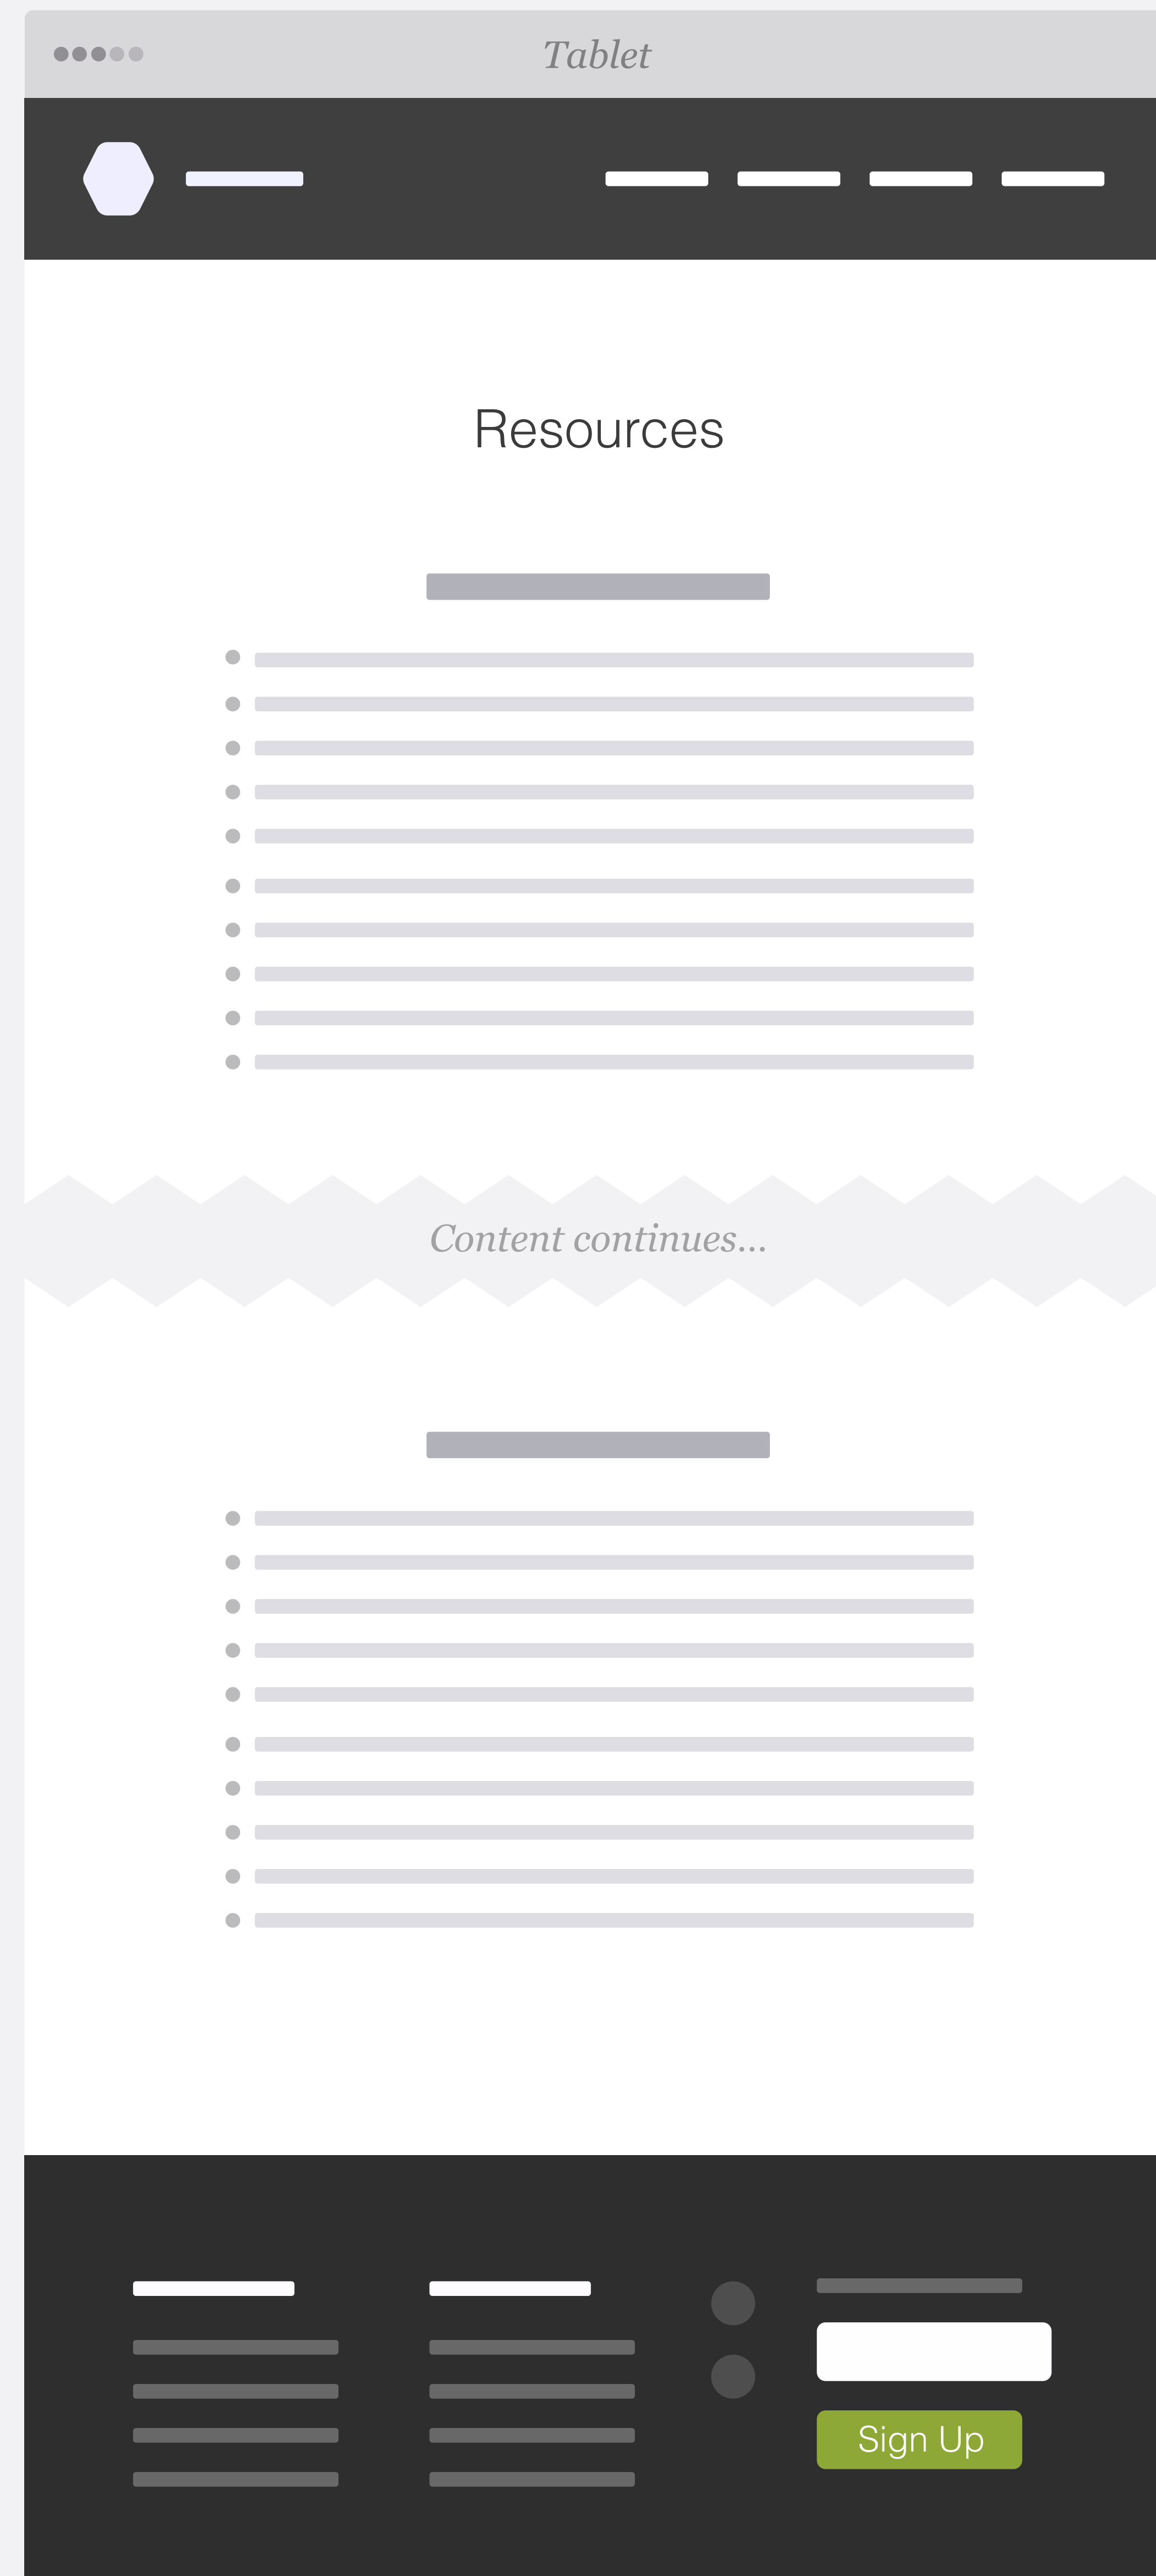

A wireframe of a desktop web browser. The browser's title bar is light gray with three window control buttons on the left and the word "Desktop" in the center. The header is a dark gray bar containing a white hexagonal logo on the left and four white horizontal bars representing navigation links on the right. The main content area is white. It features a section titled "Frequently Asked Questions" in a dark gray font. Below the title is a list of ten items, each consisting of a small dark gray circle followed by a horizontal gray line. A decorative horizontal band with a repeating light gray zigzag pattern separates this list from another list of ten items below it, which also consists of small dark gray circles followed by horizontal gray lines. The footer is a dark gray bar. On the left, there are two sets of five horizontal gray bars, representing a list or menu. In the center, there are two dark gray circles. On the right, there is a white rectangular search input field with a dark gray border, and below it is a green rectangular button with the text "Sign Up" in white.

The image displays a mobile application interface for a 'Frequently Asked Questions' section. The top navigation bar is dark gray, featuring a status bar at the very top with five dots and the word 'Phone'. Below this, a dark gray header contains a white hexagonal icon, a white horizontal line, and a white hamburger menu icon. The main content area is white and features the title 'Frequently Asked Questions' in a large, dark gray font. Below the title, there are two lists of question placeholders, each consisting of a small dark gray dot followed by a horizontal line. The first list has five items, and the second list has eight items. A decorative white zigzag line separates the two lists, with the text 'Content continued...' in a dark gray font centered within it. The bottom of the screen is a dark gray footer containing two columns of input fields (each with a white horizontal line and four gray horizontal lines below it), two dark gray circles, a white horizontal line, a white rounded rectangle, and a green rounded rectangle with the text 'Sign Up' in white.

This is a grayscale wireframe of a desktop application interface. The interface is divided into three main horizontal sections: a top header, a central content area, and a bottom footer. The top header is a dark bar containing a hexagonal logo on the left and four horizontal bars of varying lengths on the right. The central content area is white and contains three distinct sections of text, each represented by a dark horizontal bar followed by several lighter horizontal bars of varying lengths. The bottom footer is a dark bar containing two sets of horizontal bars on the left, two small circles in the center, and a white rectangular input field with a green 'Sign Up' button below it on the right.

A wireframe of a desktop browser window. The browser's address bar shows "Desktop". The page has a dark header with a logo (a hexagon) and four navigation links. The main content area is titled "Resources". Below the title is a sub-header, followed by a list of 10 items, each with a bullet point and a horizontal line. A section labeled "Content continues..." is separated by a decorative zigzag border. Below this is another list of 10 items, each with a bullet point and a horizontal line. The footer contains two columns of links and a "Sign Up" button.

A desktop browser window with a light gray header bar containing three dots and the word "Desktop". The browser's address bar is dark gray with a white octagon icon, a white search bar, and four white rectangular tabs. The main content area is white and features a "News" heading. Below the heading are two paragraphs of placeholder text, each consisting of a dark gray title bar followed by five light gray lines of varying lengths. A horizontal band with a light gray zigzag pattern separates the two paragraphs, containing the text "Content continues...". Below this band are two more paragraphs of placeholder text, each with a dark gray title bar and five light gray lines. The footer is a dark gray bar with two columns of placeholder text (each with a white title bar and five gray lines), two dark gray circles, and a white search bar with a green "Sign Up" button below it.
